On current page number 27, which includes the "Abstract", please rewrite page number "27" as -- 29 --.

IN THE CLAIMS:

Please add the following new claims:

Sub 113
B1 3
16. (New) The process of claim 10 wherein the source material is an ore residue further comprising fluorine, tantalum and/or niobium and the process further comprises: reacting the ore residue with a solution of mineral acid for a period of time, and under temperature and pressure conditions sufficient, to solubilize at least a portion of tantalum and niobium from the source material and create a solution comprising tantalum and niobium
